

Dee And Deaw Adventure with ASEAN

Vietnam

When the class starts

Vietnam, officially the Socialist Republic of Vietnam, is the easternmost country on the Indochina Peninsula in Southeast Asia. With an estimated 89.7 million inhabitants as of 2012, it is the world's 13th-most-populous country, and the eighth-most-populous Asian country. The name Vietnam translates as "Southern Viet"

Does anyone see Mr. Dee and Mr. Deaw?

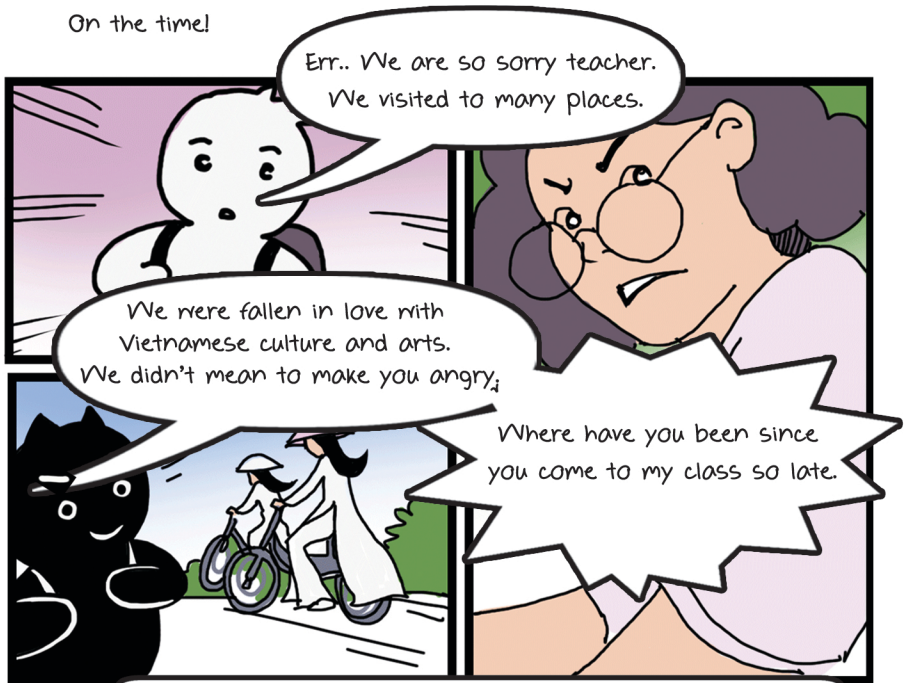

No, we haven't seen them yet.

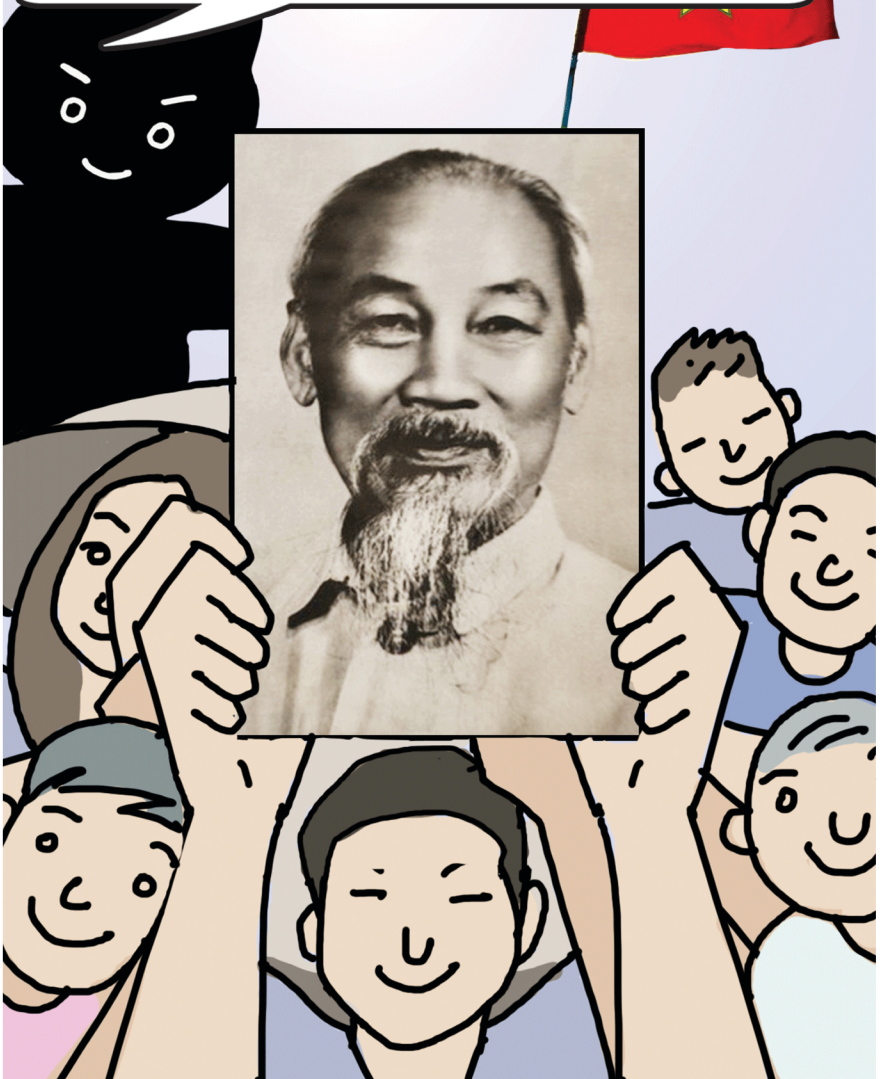

Where are they?!

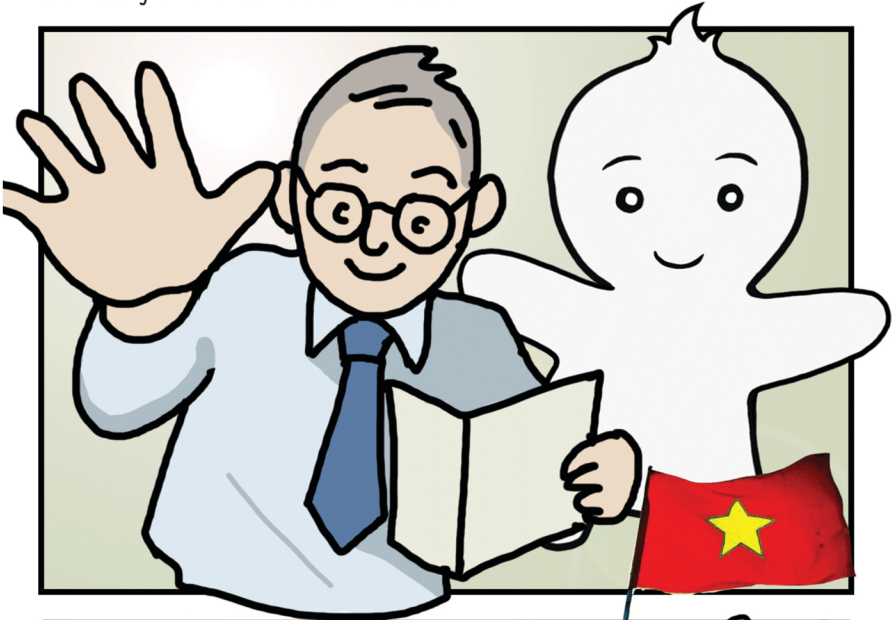

On the time!

We see that Vietnamese love and adore the ex-president Ho Chi Minh, known as Uncle Ho, because he is a real spirit of fighting for his country. This is why government puts his biography into education system in Vietnam.

Five things from Uncle Ho's life is ..

Love the people

Study and work
with excellence.

United and
Discipline.

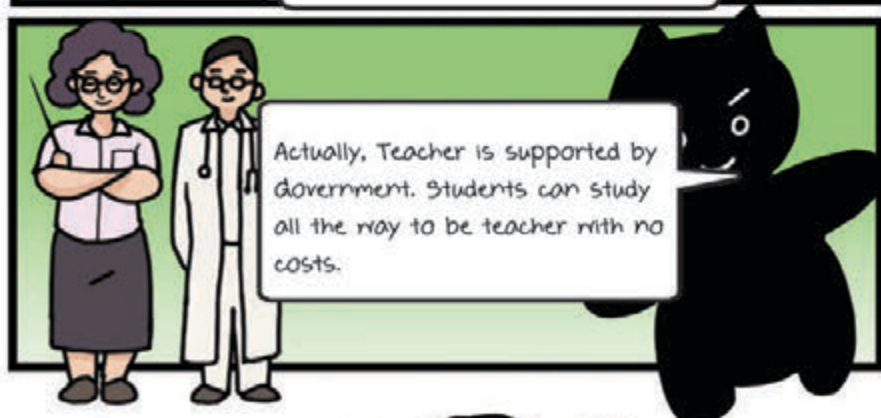

Healthy

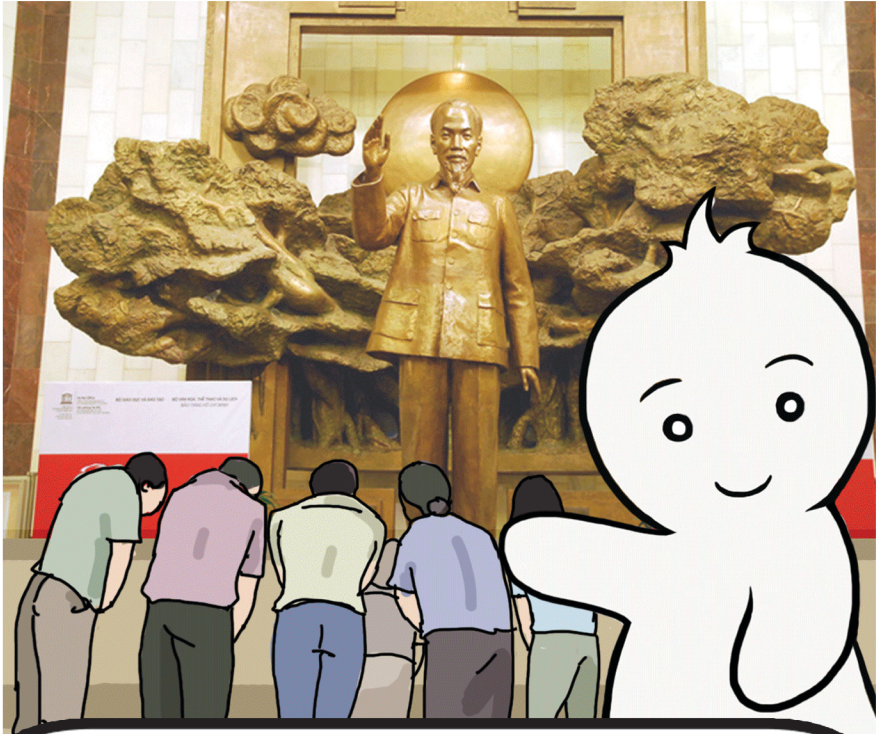

Humble, Faithful
and Brave.

When we talk about lessons or teaching, we will see that Vietnam is a learning social both of their youth and their people. They use what they have learnt for others, for country.

Besides the education, they also are so grateful to their family and country. This is one kind of their culture that comes from uncle "Ho". All of them have a promise to themselves to come to Ho's graveyard before they died. When they come to the graveyard they will shout before the graveyard "I will protect the country like you did, Ho Chi Min". Some of them visit this place a hundred of time and every time they do the same.

While the teacher is listening to them,
the ring bell comes.

Very well you two. But, don't
you ever think I would let you go
easily with this.
You have to do the research with
a presentation in front of the class
tomorrow morning, understand?

More work!

So, they hurry head back home
for preparation of the
tomorrow presentation.

On the next morning, the presentation was successfully finished.
